Vanguard Classical School
East Campus
17101 E Ohio Dr.
Aurora, CO 80012

Dear members of the Vanguard community,

The board of our school is currently seeking a seventh member to be our parent representative. I am willing and able to assist with this task should I get elected.

I currently have one child and two nieces enrolled at Vanguard. All my children have attended charter school for their education. Concurrently with other parents and my wife, we founded Global Village Academy. The charter school just down the street from Vanguard. We decided to move our children to Vanguard pursuing the classical education model. During the last three years I have assisted, and expect to continue in the future, Vanguard Classical School Mock Trial Team. The team received a commendation in last year's competition in several individual categories. This year the team won two commendations again, for best attorney and best witness.

I have been employed with the City of Aurora for thirteen years. My educational experience includes three different legal degrees, from two different Universities, and ample public service experience. I am still committed to public service and serving on the board is congruent with my professional expectation.

I am bilingual Spanish-English and have native fluency in Spanish which may facilitate the inclusion of our Spanish speaking parents.

I believe I could provide diversity to the board, a parent's perspective, and be an invaluable asset considering my unique professional experience.

Thank you for your consideration.

Sincerely,

Hanosky Hernandez
Parent
