Board President Report

Judy Ham reported that we continue to work on our Charter Renewal application and have consulted with our attorney regarding some APS inquiries. We will be adding two more Board members, one from each school, and will be looking to the Admin Team for recommendations. We would like candidates to understand special education and have an education background, if at all possible. We are also considering adding two students to the board, so they can experience and learn governance processes. We also have adopted a more comprehensive Conflict of Interest Policy. We are hoping our Board Members will be able to attend the upcoming APS District Board Meeting now held at 15701 East 1st Avenue, Aurora 80011 Enrollment in Aurora is challenging; ten schools are currently applying for charters.

Judy Ham also reported attending an APS District Meeting and entering into a special education discussion with APS regarding what inclusion really means, at which time we shared our SpEd delivery model. VCS dives deep into how SpEd students can move forward in regular classrooms, thus adhering to our original mission. There is, however, a shortage of professionals, such as Speech Language Pathologists, Occupational therapists, etc., and they may be contracted, but we do have people in place in alignment with our goals. We also will be applying for more grants to hire an additional social worker. All social worker positions funded by our CDE grant are currently filled.

Financial Report

Syed Ahmed indicated that he had no concerns regarding the financials through December 2017, and there is no need to adjust the budget at this time. The Finance Committee continues to meet monthly.

Directors' Reports
